SUBJECT:

Presentation on current status of citywide trash and recycling programs. (Public Works)

BACKGROUND:

The City currently provides sanitation services to residents through a partnership with Parks and Sons. Curbside trash and recycling services are provided on a weekly basis. Recently the City received a notification from Parks and Sons indicating that program costs for trash and recycling will be increasing. These increases warrant a discussion on the direction of the trash and recycling programs and their effect on the monthly sanitation rate for services.
